

MIGRATORY BIRD HIKE

Saturday, May 2, 2026, 8:30 -10:00 a.m.

Hudson Springs Park, 709 Stow Road

Meet in front of the restrooms

Join Ed Carroll, a Friends of Hudson Parks Member, on a hike around Hudson Springs Park to search for migratory birds. Last year the group observed an Eastern Kingbird, Barred Owlet, Baltimore Oriole, and Osprey. We have a limited supply of binoculars available and you will be provided a checklist and field guide. Bring your camera, all ages are welcome!
